### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: This application is a DIV of 10/228657 (filed 8/27/2002, US Patent #6740757) which claims benefit of Provisional Application 60/315740 (8/29/2001). Claims 1-24 have been deleted by paper dated 4/14/2005. Claims 25-59 are before the Examiner and are in condition for allowance. The closest art is Dapremont (US 6444854) which teaches a process for the separation of enantiomerically pure compounds by continuous chromatography. However, the compound being separated is novel (see parent 6740757). Due to this, the process of separating the compound is novel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
